

# ISEA RETIRED

## The NEA/ISEA Retired Membership Program

One of the fastest-growing groups in the NEA family which continues to lead the way in public education and critical issues. Join the movement and stand with dedicated education professionals who have retired from their positions, but not their professions!

The Iowa State Education Association offers two options to join NEA/ISEA Retired. You can join each year with an Annual Retired membership or guard against potential future dues increases by becoming a Lifetime Retired member.

Join a community of public education allies who work together to support public education and IPERS.

# Why Join NEA/ISEA Retired?

Stay connected at conferences, meetings, and gatherings. Help protect your retirement resources, support public education with political and legislative efforts and join the ISEA Capital Corps to lobby state legislators.

You get a subscription to NEA Today for NEA-Retired Members which is published every two months.

You have continued NEA Member Benefits including Long-Term Care Insurance, Medicare supplements, shopping, dining and travel discounts, loan and mortgage programs, and more.

ISEA Retired members have continued membership privileges like opportunities for ISEA Retired leadership roles, attorney referral services, financial planning services and participation in state and national conferences, seminars and training.

You can rest easy knowing you have the Association's protection if you are employed as a substitute teacher. And, as an ISEA Retired member, you represent retired interests on ISEA State Committees, elect delegates to the annual Delegate Assembly, and have a representative on the ISEA Executive Board and UniServ Councils.
