

The NEA/ISEA Retired Membership Program

Join one of the fastest-growing groups in the NEA family which continues to lead the way in public education and critical issues. Join the movement and stand with dedicated education professionals who have retired from their positions, but not their professions!

The Iowa State Education Association offers two options to join NEA/ISEA Retired. You can join each year with an Annual Retired membership or guard against potential future dues increases by becoming a Lifetime Retired member.

Become a part of a community of public education allies who work together to support public education and IPERS.
